Department of Environmental Protection
Notice of Public Hearing

Proposed Revision to the State Implementation Plan for Ground-Level Ozone Attainment Demonstration Policy (Phase I and II)

Ground-level ozone levels above the federal health-based standard are a serious human health threat, and also can cause damage to crops, forests, and wildlife. The Commonwealth of Pennsylvania is seeking public comment on the revisions required by the Clean Air Act to reduce ground-level ozone in the Philadelphia ozone nonattainment area. Chester, Delaware, Montgomery, and York counties are also included in this ozone nonattainment area. The proposed revision to the State Implementation Plan (SIP) for ozone would require a three percent per year reduction in ozone levels from 1990 to 1998 and to demonstrate that the area will meet the health-based ozone standard.

States may meet these requirements in two phases. The Phase I plan documents reductions from 1990 to 1998 and commits to adopt additional necessary controls. The Phase II plan documents subsequent reductions, describes current air quality monitoring and provides air quality modeling information for the attainment demonstration. It also describes Pennsylvania's efforts to reduce ozone levels from outside its borders. The Department of Environmental Protection (DEP) proposes to submit these documents to the federal Environmental Protection Agency as a revision of the Pennsylvania State Implementation Plan (SIP) for ozone.

The Department will hold a public hearing to receive comments on both of the proposed SIP revisions. The public hearing will be held at 4 p.m. on March 2, 1998 at the Department of Environmental Protection's office at 600 North Lane, Conshohocken, PA.

Persons wishing to present testimony at the hearing should contact Vickie Walters at 717-787-9495 or at P.O. Box 8468, Harrisburg, PA 17105-8468. Persons wishing to present testimony should arrive at the hearing at least 15 minutes before the hearing begins. Each witness should keep oral testimony to 10 minutes. Please submit three written copies of the oral testimony at the hearing. Each organization should designate one witness to present testimony on its behalf.

Persons interested in submitting written comments should send the comments to J. Wick Havens, Chief, Division of Air Resource Management, P.O. Box 8468, Harrisburg, PA 17105-8468. Written comments on Phase I must be received by the close of business, April 10, 1998. Written comments on Phase II must be received by the close of business, March 3, 1998. Copies of the proposed revision may be obtained from Mr. Havens at the above address or by telephone at 717-787-4910. (e-mail: Havens.Wick@PA1.dep.state.pa.us) The proposal is also available on the DEP Web site at <http://www.dep.state.pa.us> (choose: Public Participation Center/Proposals Open for Comment).

Persons with a disability who wish to attend the hearing, and require an auxiliary aid or service, or need accommodation to participate in the hearing, should contact Mr. Havens at the above address or by telephone at 717-787-4910. Use the above address or telephone number to request accommodations. The DEP will make every effort to accommodate their needs.
